

May 2021 Newsletter

Welcome to our May “Bamboo update” newsletter, featuring recent projects, articles and images of how customers are using some of our beautiful, natural bamboo products in their homes and workplaces around New Zealand.

Bamboo X-treme decking in HUGE demand - plan ahead!

Over recent months the level of demand of our bamboo x-treme decking has been so high that we've regularly run out of stock, with many containers of decking being pre-sold in advance of arrival into our warehouses. However, we have lots on order over

the winter – but it pays to plan well ahead these days. If you want to order bamboo x-treme decking, we can reserve and allocate the stock for you on payment of a 30% deposit (once invoiced).

Another DIY deck project

Check out this DIY deck, built by our Napier customer, which transformed a boring concrete patio into a lovely new deck. *"My husband and friend managed to put the deck down in 3 days. It looks fabulous and I would thoroughly recommend bamboo x-treme decking. The communication from start to to finish was excellent. We wouldn't hesitate to do bamboo x-treme decking again. Love it."* Elaine, Napier

With correct joist set-up, bamboo X-treme decking can be quickly installed using the powder-coated stainless steel clip and screw fixings supplied (for "invisible" fixing – no unsightly nails or screws visible).

This system saves up to 50% in time and cost of labour to install the decking boards.

Great feedback on new Bamboo Elite Flooring

We loved getting this feedback on our newest bamboo flooring product recently:

"We are so happy with it. Waking up in the morning and having the warm glow from the bamboo flooring makes a blissful start to the day. Very soothing and calming all round. We are so happy with it." –

Charlotte, Auckland

We have stock available of this new bamboo flooring option (in natural and coffee colours) in both our Auckland and Christchurch warehouses now.

Decking material comparison

When looking for the right material for your next decking project, we understand that it's challenging to select the right material. Let us help you by comparing bamboo decking with alternative materials. [*Click here for a useful guide compiled by our Dutch partner, MOSO Bamboo >*](#)

NZ Home & Garden Feature

Award-winning Wellington business, “John Mills Architects” have been a big supporter of bamboo x-treme decking, specifying the product in many of their client projects. One such project featured in the

NZ Home and Garden Magazine, with some lovely imagery of the home, inside and out. Well done John and team!

Bamboo Panels used in Bakery Fitout

Our customer shared some photos of their new “Classic Bake House” shop in Flatbush, Auckland which featured our vertical bamboo panels (18mm in natural colour). The fitout was built by Build Brilliant. The bamboo panels were used extensively, especially as walls and ceilings. Looks great!

Kitchens using our bamboo panels...

We have lots of customers using our bamboo panels to make beautiful kitchen benchtops, cabinetry, shelving and more. Here's a small selection of photos received from some customers:

1. Compressed coffee bamboo panel – 40mm

2. Compressed natural bamboo panel – 40mm

3. Compressed coffee bamboo panel – 18mm for cabinetry

4. Vertical natural bamboo panel – 30mm (benchtop and shelving)

Incredible Bamboo!

Isn't it amazing how beautiful products like bamboo panels, decking and flooring (and many other things!) are made from moso bamboo - which grows as a raw material so fast and abundantly in China (and around the world). From being sustainably harvested by

farmers in rural China, to being made into all sorts of incredible products for us and others around the world to enjoy. Bamboo is truly an incredible plant and has such potential in the future too...
